# HOW TO MAKE PAPER LANTERNS

Hang your lanterns up outside at your next BBQ dinner or summer garden party!

Use the template inside to make your very own, light up lanterns!

## TOOLS YOU WILL NEED

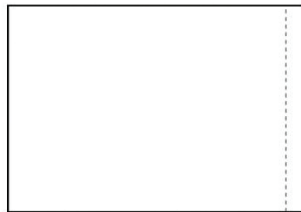

Scissors

Sticky tape

Paper template

Glow stick or battery tea light

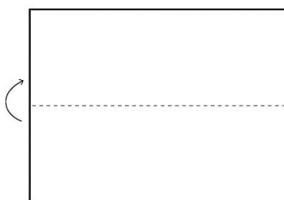

1

Using your scissors, cut along the dotted line to create the handle

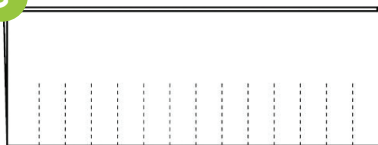

2

Fold the paper in half, with the print facing upwards

3

Using your scissors, cut the slits where indicated on the paper all the way along the paper

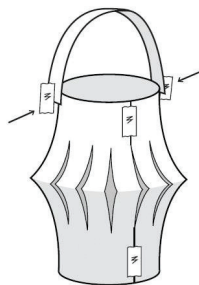

4

Open the paper out, and connect the long sides with sticky tape

5

Tape the handle on top and the glow stick through the middle of the lantern
